From there on, you travel on a mix of new greenway and shared roads, you can indulge in a feast for the eyes: Mont-Saint-Michel rises up, a colourful panorama, set like a jewel in the circle of the bay.

Itinerary

Greenway up to the mouth of the Sée and the Sélune. A new greenway is under work since 2020. It will open in 2022 in order to offer a more direct and spectacular route until the Marvel of the West. Small shared roads thereafter, up to Beauvoir, before rising to reach the Mont.

Arriving by bicycle at the Mont-Saint-Michel

Since 2020, bicycles are authorised on the wooden planking of the walkway.

Several bike parks are available in the surroundings of the Mont Saint-Michel.

At "La Caserne" (before the walkway):

- 2 bike parks near the Dam
- 1 bike park next to the Tourist Information Center (next to the car park).

If you park here, you can pursue by foot or take a shuttle for free.

On the Mont Saint-Michel: a new bike park is available (70 bikes) since 1st July 2021. Turn left when you arrive at the fortification and head to the "Cour des Fanils" to find the bike park area.

Parking your bicycles is strictly prohibited all along the dyke walkway, the esplanade and at the foot of the fortification. Cyclists are thus required to leave their bicycles in the designated areas.
